Funding opportunities for community groups and projects

We have a number of ways that groups and projects can apply for funding to support our tenants and communities to bring about positive change.

This includes:

- Community Investment Fund
- Community Support Grant
- Soup Dragon funding
- Charity Fund.

Community Investment Fund

Our Community Investment Fund is managed by a panel made up of tenants and board members who decide how the money is spent to make sure that it has the greatest impact on our tenants.

The Community Investment Fund is available to community groups and projects applying for funding over £500.

Community Support Grant

The Community Support Grant is available for community groups working in our areas. It is a short application process providing up to £500 to help community projects start up or grow, bringing benefits to our tenants and communities.

Soup Dragon funding

Our Soup Dragon's Den funding is available for community groups applying for up to £1,000 and involves pitching your project at a community event. This event is great for networking with other community groups and bringing communities together.

Charity Fund

You can apply to our Charity Fund if you are a tenant or colleague to request your charity fundraising efforts are matched, up to a maximum of £1,000 per event.

Applying to the Charity Fund is easy; you just need to complete a simple form giving your details, what you have done and how much you have raised for the charity you are supporting.

Once we receive your application, we will put it through the approval process and contact you within a few days to let you know if you have been successful.
