

Progress Futures

Here to help tenants and your household members improve your skills, employment prospects, and wellbeing

Our dedicated Progress Futures officers will work with you on a one-on-one basis to help you identify your aspirations and work with you in a person-centred way to help you to remove any barriers you may have.

By developing a personalised action plan, we will support you in moving towards and achieving your goals.

If you:

- are looking to improve your skills through training and education
- have been made redundant or would like a change in career but are unsure of your next steps
- are looking for some help to secure employment
- are looking to develop new skills through volunteering
